8 A separate note is put up on the subject & from it and from the appended statements it will be seen that no definite scale of these scholarships has been laid down at any time

9 The scholarships were first sanctioned to two boys on the application of Mr Mir Kamaluden Ali Khan, and subsequently scholarships were sanctioned to other applicants on their individual merits No general rules have been laid down

10 Excluding the case of Syed Mohadin Peeran Khadri - who Studies & in Mysore, but draws his Stipend of 10 Rs out of the provision made for an Aligarh scholarship - 11 Students have up to now been sent to Aligarh for study with Scholarships The maximum number of scholarship holders at any time was between April & July 05 & eight in July 1907

11 In Dec^{r} 04 it was ordered that no more Scholarships would be granted unless there were vacancies. At that time 8 scholarships had been sanctioned 6 actually held by scholars in Aligarh & 2 sanctioned in July 04 to commence from ~~mar~~ April 05.

12 Since then only vacancies among this number are being filled & ~~one~~ even of the Scholarships that were vacated one was not regranted. The number available has been taken as 7 and provision in the budget is being made for 7 Scholarships

13 As regards the amount of the Scholarship, it has been 25 Rs a month in all cases except in the case of Hyder Ali Khan who was given 30 Rs a month

14 In recent grants the amount of the stipend is only 25 Rs a month

15 The scholarship has been usually granted for 2 years in the first instance & extended from time to time according to the

needs & progress of the Student The periods vary from 2 years to nearly 7 years.

16 It seems desirable to frame some general rules about these Scholarships for future guidance Sending Mahomedan Students to aligarh seem to be a very desirable measure ~~in the interests of~~ calculated to advance ~~the~~ higher education among mahomedans, & these scholarships seem to be a very legitimate ~~expended~~ charge upon State Funds

17 In addition to the rules suggested by the Hon'ble ~~the~~ ~~Hon~~ ~~file~~ his letter, it may be laid down that the scholarship will be granted for a period of one year if for the matriculation & for periods of 2 years if for the intermediate or the B.A The Scholarship will ~~be~~ not be renewed if the Student fails to pass the examinations in the usual course. It will be liable to be forfeited for unsatisfactory progress & conduct (as in the case of

21 The curriculum of studies in the Aligarh College ~~is~~ is that prescribed for the Allahabad University A comparison of the subjects shows that the level attained there is decidedly lower than that of the Madras University The distance is immensely greater, and the cost also larger in proportion The only advantages that one can see there are the system of boarding in houses under the supervision of the College authorities, and the association

of the Students with those drawn from a very much larger area than can any of the Colleges of the Madras University. But against this is to be considered the disadvantage of bringing up young men in exclusive and altogether unfamiliar surroundings

22 I think that where we have these Scholarships, we might encourage the holders to enter local Colleges by giving them if necessary more liberal Scholarships for those joining the College classes. If we attract a good number it would be very desirable to have a Separate Students' Home for Mussulman students in Bangalore.

23 As the enhanced cost of going to Aligarh especially in the cases of boys who have not passed the high School stage is unduly high compared with the advantage to be derived I would not encourage this

by instituting any regular Scholarships We may treat cases that turn up as exceptional and on individual merits Taking 6 as the maximum number grantable at any time, we may sanction a Scholarship exceptionally in cases where the applicants are bent on sending boys to Aligarh. I would however reduce the Scholarships to 15 Rs, so that those who wish to send boys to Aligarh College may exhibit their sense of its value by contributing part of the Cost We may give them the option of the same Scholarship being held in our College classes

There appears to be a misprint in the Minute which makes nonsense of the sentence. I have rendered what I believe to be the meaning.

24 To sum up my view, I would say that besides the ordinary Scholarships granted under the Rules of 11 Ap 1902, there may be 12 Scholarships of 10 Rs (Intermediate) 15 Rs (BA.) each

26.4.10	I certainly think that the Aligarh Scholarships should not be stopped The atmosphere of this College is favorable to the development of Character amidst congenial surroundings & traditions The Mysore Mahomedan students will be brought in contact with a Mahomedan world hitherto unknown to them and with bright specimens of the Educated class among them needless to say that their ambition will thereby be stimulated It would be doubtful policy to stop these Scholarships

The Recommendation was first ordered to be renewed after one year but it on a further Representation, this Student also was granted a Scholarships of Rs 25/pm for 2 years in the Aligarh College (Vide G.O No Pl 3174-6 d 20/5/04). In this order it was also observed that no more such Scholarships would be given until Vacancies occur[s] in those already sanctioned. This Scholarship was continued up 1-5-1908 when it lapsed.

5. On the application of Mr. Nizamuddin Ali Khan Retired Asstt Commr., Govt sanctioned, Similar Scholarships of Rs 25 pm to each of his two sons Mohamad Ali & Mir Wajid Ali (Vide G.O. No PL 645-7/~~[illegible]~~ 28-7-1904)

9. After this order, no ~~new~~ fresh Scholarships have been sanctioned! ~~In the Budget for 1907-1908 provision~~

10 Two of the Scholarships already sanctioned Viz those of Mohamad Hyder Ali Khan and Mohamad Azif Mehri fell Vacant ~~on the~~ in 1906 as they left the college and one of these was granted to Abdul Rahman Khan in G.O. No 7492-3 Edn 13-06-20 w.e.f 1/3/07.

11 As the Remaining Vacant Scholarship was

not granted to any, the number of Scholarships tenable in the Aligarh was taken as 7 and provision is being made only for 7 Scholarships in the Budgets from 1907-1908 onwards.

12. In August 1907 another Scholarship which fell vacant was granted to Peer Sahib Zinyar to enable him to prosecute his studies for the F.A Exam.n in the Aligarh College (Vide G.O No 1218-20/Edn-2-07 dt 8/8/07).

ship was ordered to be

conduct

from 1-3-09 and it was granted to Hussain Ali Khan from the same date tenable for 2 years in the Aligarh College.

15. From the above notes it will be seen that 12 Students have been granted Special Scholarships since October 1902, that the maximum number of ~~grants~~ Scholarships tenable at a time was 8, that provision exists for only 7 Scholarships in the Recent budgets, that there are no Rules Regulating the grant of these Scholarships

and that each case
is being dealt with on

SIR,

I have the honour to inform you that Government have been pleased to institute scholarships for Mahomedan boys who wish to study in the M A O. College Aligarh and seven such scholarships are awarded at present to deserving applicants But as there are no definite rules governing the grant of these scholarships, applications from all classes of Mahomedan pupils are being received There are ample facilities of acquiring High School and College education at a very low cost within the State, and it seems to me that except for the advantages of residential life and training of character in the Aligarh College the Mysore State schools and colleges are in no way inferior to that College Ordinary Mahomedan boys should therefore be content to receive their education in the Institutions of Mysore and Aligarh scholarships should be reserved for sons of distinguished families

2 I beg to suggest the following rules for the consideration and approval of Government -
